Any and all information and opinions expressed in this document were obtained from sources believed to be reliable and in good faith, but no representation or warranty, express or implied, is made as to its accuracy or completeness. Any and all information and opinions as well as any prices indicated are current as of the date of this report, and are subject to change without notice. Any and all analysis contained herein is based on numerous assumptions. Different assumptions could result in materially different results. At any time SALIX WEALTH may have a long or short position, or deal as agent, in relevant securities or provide advisory or other services to a person or entity connected with the issuer of relevant securities. Some investments may not be readily realisable since the market in the securities is illiquid and therefore valuing the investment and identifying and quantifying the risk to which you are exposed may be difficult. Futures, derivatives and options trading in particular is considered risky. Past performance of an investment is no guarantee for its future performance. Additional information will be made available upon request. The value of your investment can go down as well as up so you may get back less than you originally invested. Some investments may be subject to sudden and large falls in value and on realisation you may receive back less than you invested or may be required to pay more. Changes in foreign exchange rates may have an adverse effect on the price, value or income of an investment. SALIX WEALTH does not provide tax advice and we would recommend that you take direct financial and/or tax advice as to the implications (including tax) of investing in any of the products mentioned herein (The Financial Conduct Authority does not regulate taxation advice).
